

TRENT 
a **NATIONAL** bus company

 **DERBYSHIRE**
County Council

Your local travel guide to
bus and rail services in the

MATLOCK AREA

commencing Sunday 4 September 1977

Introduction . . .

Starting on Sunday 4 September 1977 a major reorganisation of bus services in the Matlock area is being introduced to provide in most cases a better and more regular service whilst at the same time enabling the company to make operational economies.

This reorganisation has been planned jointly by TRENT and Derbyshire County Council and many of the improvements have stemmed from the results of a survey of public transport needs carried out by the County Council locally.

Some of the improvements we have made to the Matlock Area bus services are:

- * a new through service linking Derby, Wirksworth, Middleton, Matlock, Bakewell and Burton.
- * an extension of our existing route in Bonsall to serve Upper Town
- * buses at regular intervals to Starkholmes and Hackney
- * an extension of the Town Service to provide an hourly bus to Gritstone Road.
- * the existing Derby via Belper service to be diverted via Crich, thereby providing a direct service from Crich to Derby for the first time

It has been necessary to withdraw some journeys which were poorly patronised but in most cases alternative services are available so that passengers will suffer the minimum of inconvenience.

Included in this timetable book are details of all the other bus services operated in the Matlock and Bakewell area and the local British Rail timetable in order to give you a complete guide of all the services at your disposal.

Your Bus Service . . .

We make every effort to provide you with an efficient, reliable bus service but, often due to circumstances beyond our control, our customers sometimes have cause to complain.

We treat complaints very seriously and each one is thoroughly investigated. Wherever possible we take steps to put things right. If you have a complaint please telephone or write to your local District Traffic Superintendent at Matlock, telephone 2013. Please provide full details, if possible with your ticket where appropriate, so that your complaints can be investigated quickly and efficiently.

We welcome suggestions. Many of the changes which we make to our services are the result of ideas that we have received from our customers, but please remember that we cannot provide an ideal service for everyone and we must take account of the wishes of the majority.

We welcome praise where it is merited. Not all our Staff are perfect, but the majority are conscientious and are doing their best to give you an efficient, reliable and courteous service. If you wish to commend any of our Staff please let us know so that your comments can be passed on to the employees concerned. This can encourage them to provide an even better service.

Please help our Staff to help you!

For example by . . .

- having your correct fare ready and stating your destination.
- examining your change, if any, as soon as you receive it and so avoid disputes.
- keeping your ticket throughout the journey, as it may be required by an Inspector.
- clearly signalling the driver to stop when you are waiting to board.
- giving an early signal to the driver when you wish to alight.
- ensuring that the bus has stopped at a recognised stopping point before attempting to leave the vehicle.
- trying to avoid travelling at the peak hours—if you can make your journey at off-peak times you will probably travel quicker and more comfortably.

New Service Numbers	Former Service Numbers	Brief Details of Alterations
151	151	Derby—Crich—Matlock—Bakewell—Buxton Most journeys on this service now terminate at Bakewell, the Bakewell-Buxton section being covered by new service 152. The other main alteration is the diversion to serve Crich, providing a direct facility to Derby for the first time. The basic frequency remains 2-hourly.
152, 153	37, 117, 118, 151	Derby—Wirksworth—Matlock—Buxton New service 152 provides an hourly through service from Derby to Bakewell replacing service 37 to Wirksworth and 117+118 between Wirksworth and Matlock. Every 2 hours journeys operate through to Buxton. A regular ½-hourly frequency will be maintained with service 151 between Matlock and Bakewell making the timings easier to remember. Journeys from Gorsey Bank and those which do not operate via Middleton will be numbered 153.
154	115, 116	Matlock—Starkholmes—Bonsall This new midibus route will operate via Starkholmes to Cromford and then continue to Bonsall. In Bonsall it has been extended to serve Upper Town. The basic frequency will be hourly which provides a better evening service to Starkholmes.
155	113, 141	Matlock—Hackney—Elton Along with new services 156 and 161, this service has been diverted to serve Hackney which will now enjoy a regular hourly frequency. The service to Elton has been slightly reduced but still caters for work people and shoppers.
156	111, 113	Matlock—Hackney—Calver Sough A more regular service to Beeley, Edensor and Baslow is provided although regrettably the evening and Sunday service to Beeley has had to be withdrawn. This service is diverted to serve Hackney.
157, 158	112, 116, 117, 118	Matlock Town Services A regular ½-hourly daytime frequency will be offered by services 157 and 158, service 157 operating via Sherriff Lodge and Duke of Wellington to Cavendish Park and service 158 via Matlock Green and Duke of Wellington to a new terminus at Gritstone Road.
159	120	Matlock Town Service This service has been regularised to operate at 20 mins past the hour from the Bus Station and at 30 mins past the hour from Hurst Farm Estate during the major part of the day.
160	114	Matlock—Wensley No timetable changes.
161	113, 142	Matlock—Hackney—Middleton by Youlgreave A reduced service offering shopping facilities in Matlock will operate on Mondays to Fridays only. This service is diverted to serve Hackney.
163, 164, 165	119, E3, E4, E5	Matlock—Tansley—Alfreton With the exception of certain short journeys between Matlock and Tansley there is no change to this timetable.
193, 194, 195, 196	193, 194, 195, 196	Bakewell—Tideswell—Castleton There are alterations to certain journeys between Bakewell, Monsal Head and Tideswell.
198	198	Bakewell—Over Haddon The evening service between Bakewell and Shotts Lane has been amended.
240, 241	E2	Matlock—Crich—Alfreton This service is renumbered to 240 via South Wingfield Mill and to 241 via Birches Lane, South Wingfield. There are minor timetable revisions only affecting this service.
455	429	Matlock—Bakewell (School Service) Minor timetable changes only.
653	110	Millers Green—Lea Bridge No timetable changes.
